

## **Return Policy**

### **STANDARD RETURN POLICY - 30 Days**

Unless another return policy is indicated, products sold by Krona Performance are covered by this Standard Return Policy and may be returned within 30 days of the original invoice date for a refund. All returns require an RMA (Return Merchandise Authorization) Number, and freight charges are strictly non-refundable. Due to the dangerous and stressful nature of racing and performance vehicles, no returns will be accepted on opened, installed, or otherwise used products.

### **PRODUCT REFUNDS**

Once your return shipment has been received and approved, a refund will be processed, and a credit will automatically be applied to the original form of payment. The refund will most likely appear on your credit statement within 1-5 business days, depending on your bank's processing practices. Please keep in mind that only returns which meet all RMA conditions and return policy requirements will be eligible for a refund. Krona Performance does not refund shipping charges for returned items, and orders which include shipping will not receive a refund for the credited shipping charges. Any customs or duties charges incurred upon returning an international shipment will be charged to the original form of payment. Refused or undeliverable orders may also be subject to return freight fees, duties, taxes, customs charges or brokerage fees. At the discretion of Krona Performance, items purchased from KronaPerformance.com may be subject to a restocking fee of up to 15% of the item's purchase price. If you have any questions regarding the refund process, please contact us directly.
